Songs, crafts, a visit from Santa, Mrs. Clause, Frosty, the Grinch & Cindy Lou Who, and some helpful elves! It was another fun-filled Sunday at the Annual Community Christmas Party at the Gary Legion Hall. Oh, and some of the elves got into a snowball fight with the kids and I don't think any of the parents got upset about it. We know how to have fun! Potluck was delicious and after all the Christmas Party activities the kids watched a movie in the East Hall while the Community Club had Bingo in the Main Hall.

For the Betterment of Others

Community service - unpaid work performed by a person or group of people for the benefit and betterment of their community.

What would our town look like without those willing to step up and organize and run the many programs that make our community what it is? Baseball and softball coaches, 4-H leaders and parents, the American Legion and Auxiliary, the very active Jr. Auxiliary, our Community Club that organizes the July 3rd activities, the Gary Historical Association who keeps the museum and many historical records, Gary Betterment who beautifies our town, the Gary Givers for bringing an awesome playground to the city park. Community service can be as little as picking up trash after a game at the ballpark or as great as putting together a benefit for a family in need. Mow that little patch of grass that has been ignored, water the planters about town. What do the neighbors in the Midwest do when a farmer is laid up during fall harvest? - they gather at the farm and bring in the harvest and probably wrap up the fall tillage as well. How were both the local Legion Hall and the Gary High School Gymnasium built? - by community members who wanted to improve our town. In 1899, the town of Gary worked together to get the State School for the Blind located here by raising a building to give to the State of South Dakota. Over one hundred years later, the community again worked together to bring the campus back to life as Buffalo Ridge Resort. Thanks to our neighbors who go to the efforts of decorating their homes and yards for the holidays so we may all enjoy the sights and sounds of the season.

The holiday season is upon us and giving to the community would make a wonderful gift, the gift of service to our neighbors.

What would have happened if it had been three Wise Women instead of three Wise Men?

They would have:

- asked directions,
- arrived on time,
- helped deliver the baby,
- cleaned the stable,
- made a casserole,
- brought practical gifts
- and there would be peace on earth.

The best of community service!

Merry Christmas and Happy New Year! Are you all ready for Christmas? We are not and I'm ok with that. The kids wanted to decorate right after Thanksgiving, but I wanted to hold off until the first week of Advent was over, now were onto the second week and nothings done yet. Wait, one of the kids strung up a set of lights in the dining room, "until we get time to do it all mom." The rate were going, we'll be setting it up on Christmas Eve after we do all our shopping. What are you doing that's special for Christmas? Getting together with friends and family? We had a little neighborhood get together on Thanksgiving night around 10 PM when I saw a few cows run past my kitchen window as I cleaned up the dishes. At first I saw one, then I saw ten. After that there was a whole lot of coveralls flying around, while others yelled "take my boots off and find your own!". We had 85 head out, and one stubborn one was out for three days and ended up 6 miles from our place. That next day all the long horns were taken out of the feedlot and sold. We think that one of them got her horn in the gate and flipped it off the pins. But we were due: we hadn't had cows out in a long time. For Christmas, we aren't going anywhere, and I love that for us. Nothing beats time at home when you're a big busy family that's running all over for everything. I always said I could be a hermit on the side of a mountain. Around this time when I'm filling orders off our website, teaching felting, running after kids stuff and helping Ron, quiet nights at home are so great. But I've got something for you> A little peek at our holidays. You know, in case you've never had a big family holiday and you're wondering what Christmas is like for us in particular, well here, I'll lay it out for you. It starts the Sunday after Thanksgiving after lunch we all write our Christmas lists and put them on the cupboard doors. This year, I really encouraged everybody to make presents. Some of our family members do that already, but this year, I think everyone is feeling the pinch and lets face it: handmade gifts are super special. Some things that get made in our house are quilts or blankets, stuffed or felted animals, paintings, frames for pictures, embroidered towels, keepsake boxes, jewelry, this year I made my sisters some room spray with essential oils, etc...the list goes on. If you look on Pinterest, Tik Tok, go to the library, there's so much you can make for gifts and it seriously doesn't have to cost much if literally anything at all except your time. Giving is what's important. If you teach your child to give, well that's a valuable lesson for sure. Next, we celebrate Christmas Eve with an appetizer meal that everyone is responsible for. Each kid even when they were small, got to pick an item to make and then they write that down on the cupboard list along with their grocery list and they make it on Christmas Eve. Oh and it has to be Christmas themed. Then Santa comes, knocks on the door with a letter, and the kids have to go find their presents in a barn or shed in the dark. I thought this year we'd maybe not do that tradition and I had some MAD adult kids, lol. So we're gonna do it! We eat all night, open up presents one at a time from youngest to oldest (with 14 people it's crazy) then we clean up and go to church in the morning. So in the end, if you don't have traditions, get some. You're family will love it. Make some gifts with love. If you don't have people to give to, give to a neighbor. If you have no place to go, ask someone if you can come over. And above all else, double chain your cattle gates on a holiday. It's hard finding someone to help when they're in the warm bed with a belly full of goodies.

Until next time,

Fairchild "I sure appreciate you all!" Farmgirl

Meet Your Neighbor

Patty and Doug Hulscher moved to Gary from Goodwin, South Dakota a little over three years ago. They followed their two daughters, Kim Meyen and Tina Moeller, to our little town. The Hulschers have a third daughter and a total of eight grandchildren. Patty works from home for Premier Bankcard and has for 24 years. Doug has worked for Menards in Watertown for 30 years. They enjoy the quietness and easy-going atmosphere here though sometimes drama can be challenging in a small town. It's almost like a retirement community - everyone knows everyone and most all residents are friendly. In their spare time, Patty and Doug like to garden and share the bounty from their very well-tended garden. Patty also likes to read and cook and bake - which she also likes to share. Doug enjoys working with his hands and building things. Patty is a member of the Historical Association and is always willing to help out many of the organizations in town. They moved their beautiful home onto site without disturbing the established trees and it looks like it has been there for fifty years instead of three. Take a drive by and enjoy their festive holiday decorations. This home sits where the Francis Miller and Ruby Stangeland homes were. One thing Patty wishes for our community is a gas station - a sentiment shared by many.

## Serving our Veterans and our Community – Peden-Cole Jr Auxiliary

The Peden-Cole Junior Auxiliary is one of the most active Juniors groups in SD. Out of a little over 1,000 Junior members in the state, there are only about 50 active Juniors, of which the Peden-Cole Post 109 Junior Auxiliary has 15 active members. Recently, we were recognized as “The Most Outstanding Junior Activities Program by a Unit in the Northwestern Division.” The Northwestern Division includes all Juniors in Colorado, Minnesota, Montana, Nebraska, North Dakota, South Dakota, and Wyoming. Our unit believes in giving back to those who were willing to give their all. We are dedicated to serving our veterans and our community.

The goal of the Junior Auxiliary is to provide positive volunteer experience that instills the ideals of the Auxiliary: to honor the sacrifice of those who serve by enhancing the lives of our veterans, military, and their families, both at home and abroad, promoting good citizenship, peace and security.

Our Junior Auxiliary unit is continually active. Each month, a family decorates the Gary General Store Windows, we make cards and decorate tray favors for the Veterans in Sioux Falls and our local Veterans in Gary each month. Last year we supplied decorated socks to the Veterans Center in Sioux Falls. This year we started making centerpieces for the tables at the 109 Club for each season. Every May we distribute Poppies and on Memorial Day all our Junior Auxiliary Members play a significant role where they read poems, sing patriotic songs, and even do patriotic presentations on important topics such as folding the flag and demonstrating the significance of the Fallen Soldier’s table. This year our unit learned how to do sign language for the Pledge Allegiance and included that in the Memorial Day program.

Middle back: Sadie Hunt, Lily Swoboda, Bethanne Hoffmann, Rose Swoboda, Melinda Jenson.  
Front Middle: Leah Hunt, Aspen Hoffmann, Harper Hoffmann, Violet Swoboda, Kenzie Reppe.  
Front row. Roxanne Raml, Junior Auxiliary President

During Gary’s July 3rd celebration, the Junior Auxiliary kicks off the celebration at the park by either singing the Star-Spangled Banner or reciting the Pledge Allegiance. This year we also planted flowers down at the Gary Historical Museum for one of our Patch Program activities. The Patch Program is a National Project where Junior Auxiliary members can earn patches by completing certain activities. Our unit has earned over 150 patches.

At our Legion Poultry Party, the Junior Auxiliary operates a game called the Penny Pitch. The Penny Pitch entertains the children while the parents play Bingo. The children throw pennies on a board with the hope of earning more pennies. At Christmas we decorate a tree at the Deuel County Courthouse, and we go caroling to area shut-ins, veterans, and widowed spouses of veterans. We stay busy.

## Digging Into the Past

The history of cemeteries in the Gary community begins with the burial grounds one mile west of town by Indian Lookout. What year were burials first conducted there? That is an unknown and will probably remain an unknown. Grandview Cemetery was established in the early 1880's a short mile north of town in Section 33 of Glenwood Township. Many graves of the white settlers were moved to the new cemetery in the early 1880's. Native American graves were largely left undisturbed though some were also moved to the new cemetery in the later 1880's. The cemetery was on private property until it was purchased by the City of Gary in 1910. At that time, ten acres were purchased from John Posson for \$50. The Calvary Cemetery lies to the east of Grandview in Section 34. It was created on 2 acres of land purchased from CW and Elizabeth Thompson in 1912 by Bishop Thomas O'Gorman of the Sioux Falls Diocese. These two acres had a higher price of \$100. The cemeteries were merged in 1978 and are both under the care of the City of Gary today.

The oldest graves I could find in the Grandview cemetery are from the 1870's -

*Anna Huffman (Mildred Ann), 1st wife of Henry Huffman, Sr, 1873*

*Ezra Sherman Herrick April 16, 1878*

*Ernest Scannel Oct 14, 1878*

*R F Wells Oct 18, 1878*

*Lillian L Gates, 8 yr old daughter of Dr WH Gates, Christmas day, 1880*

It is unknown if these graves were moved to Grandview or if they were originally interred there.

Why the interest in cemeteries and those who rest there? A lot of what we see as we walk the grounds are just names and dates. But what about their stories? For example, Anna Huffman, 1873 - an afternoon of research brings so much life to her story. The first wife of Henry Huffman, Sr, one of the earliest homesteaders in the area east of Gary, Anna was born in Ireland and immigrated to Canada. She bore ten children, six of whom lived to adulthood. She was the mother of Henry E. and grandmother of Edward Huffman who ran a hardware store in Gary in the 1920's and 30's. The lives lived, the families created, the hardships of settling an untamed territory, the joys of proving up, and the building of successful businesses. A town grew and continues growing yet today. Who are the people who contributed to make Gary what it is today? Their stories are interesting - we just need to find and share them.

The Gary Historical Association is undertaking a new cemetery project. Fay Stone has volunteered to head this mission, working to update the Grandview cemetery database. This will provide an updated directory as well as linking obituaries and death notices to the Findagrave website (findagrave.com). Researching this information from the Gary Interstate archives is a monumental task but will provide accurate data for genealogists doing family history research as well as others such as the local American Legion post for information on the veterans resting there. The City of Gary has allowed access to their cemetery records, so we have a starting place for our research. Just what kinds of information will we find? There are many plots that were purchased but no burials recorded. Could family be located to allow these to be utilized for burials? Are there burials indicated in the newspaper archives that may not have been recorded in the historic cemetery records? Try locating a grave for Mrs. Hans Peterson - do you know how many Hans Peterson's there were in the area? Previous efforts by the Gary Historical Association were directed toward identifying and marking many unmarked graves. This project will continue with the Gary Historical Association's mission to record and safeguard the history of our town and the surrounding townships. If anyone wishes to assist, microfilm of the Interstate Archives is at the Gary Library for your reading pleasure.
